This temple was constructed in the Ptolemaic Roman era for the worship of god Haroeris and Sobek, the crocodile god. It is noted for relief engravings on its walls which show ancient surgical tools, bone saws and dentistry tools. Nearby there are three mummified crocodiles. They are now in Hathor's chapel). Sail to Edfu. Visit The Edfu Temple (Lies in Edfu town, 123 km north of Aswan on the west bank of the Nile. It dates to the Ptolemaic period. It was dedicated to the worship of god Hours represented as a falcon. It is one of the most beautiful Egyptian temples, distinguished by its huge splendid structure that blends Pharaonic and Greek architecture. Its grandeur competes with Luxor temples. It is the second largest temple after Karnak. It also houses the Nilometer and a huge pylon at the entrance). Cross the lock. Sail to Luxor. Afternoon Tea. Dinner on board & Galabya party. Dinner & Overnight in Luxor.

### **Day 03: Luxor**

The valley stands on the west bank of the Nile, across from Thebes (modern Luxor), within the heart of the Theban Necropolis.), Colossi of Memnon (The two colossi are made of sandstone, which during ancient times was brought from Gabal El Silselah. Each colossus, including the pedestal and the crown, is about 21m tall and represents King Amenhotep III seating on his throne, wearing the Memes, or royal headdress, with the divine cobra protecting his forehead. On the sides of the colossi there is a representation of the Nile god Hapi, bending together the lotus and the papyrus plants, symbolizing the union of Upper and Lower Egypt) and **Temple of Queen Hatshepsute** (Hatshepsut was the fifth Pharaoh of the 18th-dynasty who was one of the handful of female rulers in Ancient Egypt. Her reign was the longest of all the female pharaohs. Her funerary temple still stands as a tribute to her incredible rise to power). Dinner & Overnight in Luxor.
